NATIONAL INSIDER THREAT TASK FORCE

INSIDER THREAT HUB OPERATIONS COURSE - 2024

This course introduces and exercises the basic functions of an insider threat program's centrally managed analysis and response capability (referred hereinafter as the "Hub") to gather, integrate, analyze, and respond to potential insider threat information derived from counterintelligence, security, information assurance, human resources, law enforcement, and other internal and external sources. This is a practical, scenario- based course designed to expose insider threat personnel to realistic events in the day- to-day operations of a Hub. The class will include break-out sessions with an assigned instructor/facilitator for specialized attention.

Target Audience: Those currently serving in or supporting an Insider Threat Hub

Method of Instruction: Microsoft Teams

Course Length: 16 hours (two eight-hour days). All times are Eastern Time.

Prerequisites: Attendees must have a foundational knowledge of insider threat hub operations; therefore they must have either taken the NITTF Hub Operations course and/or complete the following online training from Center for Development of Security Excellence (CDSE**).**
